**CruiseNews**

**#4**

Another month has sailed by and although things have calmed down a little here at the V&A Waterfront ([www.waterfront.co.za](http://www.waterfront.co.za)) we are still doing some awesome private charters.

Sunday 27th May was especially exciting with 45 members of the Ferrari club joining us and a fridge full of cold Peroni's on the morning trip, before heading off to watch the Monaco Grand Prix. With red Ferrari's parked at the Bascule Bridge and all the red jacketed club members boarding iQ, we really did feel like we were docked in Monaco...

**Beluga Restaurant** ([www.beluga.co.za](http://www.beluga.co.za)) had Cruise iQ booked for 2 days to woo all the big boys in the hospitality industry, unfortunately the weather just wouldn't play along with us and so the venue was moved to Beluga itself and with Bruce representing the team we still made a great impact.

**SABMiller** ([www.sabmiller.com](http://www.sabmiller.com)) and their top clients are still having fun with us at Cruise iQ.

**The Extreme Hotel** ([www.exhotels.com](http://www.exhotels.com)) has come on board with their winter package, which includes a 30% discount on any of our trips and discounts on many other cool things to do in Cape Town. If you are staying with them as "Leisure guests" or if you book with them on their website, you too can enjoy these great discounts.

Also to remind everyone about our new winter schedule of 3 trips a day at 11:00, 13:30 and the Sunset Cruise now at 17:00. All trips are still an hour and a half of sailing pleasure, with a free drink to everyone on every trip plus champagne at sunset.

Thank you all for your support and to proving to us yet again that Cruise iQ is the smarter choice every time.

Our 1st Birthday is in September. Watch this space!!!

*Happy Sailing!*

The Cruise iQ Team
